

STUDY PLANE CRASH WHICH KILLED EIGHT

Air Liner Attempted To Return To Field

St. Louis, Aug. 6.—(P)—In its battered instruments and retracted landing gear, investigators sought today the cause of the crash which last night killed all eight persons aboard Chicago and Southern's air-liner, "The City of Memphis."

Why Pilot Carl Zier turned and started back for Lambert-St. Louis municipal airport, within a few minutes after he had taken off for Chicago, was a mystery the investigators hoped to dispel.

Declining to speculate, bureau of air commerce inspectors studied the wreckage and considered the stories of several near eye-witnesses.

From Pilot James Benedict, who brought the plane into St. Louis from New Orleans, they learned it was in perfect mechanical order when he landed.

A possibility that the directional radio beam was "off course" was checked off when D. M. Rainey, the air commerce bureau's expert, said he found the Chicago-St. Louis beam in perfect order.

The first results of the investigation may be given tomorrow when St. Louis County Coroner Luke B. Tienon conducts an inquest into the deaths of Zier, his co-pilot, Russell C. Mossman, and the six passengers.

They were: Vernon C. Omie, widely known airman and husband of Mrs. Phoebe Omie, former racing pilot and now a bureau of air commerce official.

W. S. Barlett, 6300 South Shore Drive, Chicago, associated with the Great Lakes Coal & Coke Co.

C. B. Wright, 18 East Hickory street, Hinsdale, Ill., western representative of the Lake Tankers Corp. of New York.

George Grieshader, 435 Lennox avenue, Oak Park, Ill., manager of a dental supply firm.

Arthur P. Holt, 15 Rice street, Newton Center, Mass., real estate officer of the New England Trust Co., Boston.

For three hours, beginning when an alarm from a reporter hearing its motors suddenly go dead, ground crews of the air line searched feverishly for the plane. They discovered it, a scattered, tangled mass of wreckage, early today on a farm four miles north of the airport.

First news of the crash was made public when Coroner Tienon was notified this morning about 3 o'clock.

All of the victims, except one, had been thrown from their seats into the plowed field. Apparently all were killed instantly.

485 Cook County Election Clerks Are Discharged

200 Charged With Ballot Fraud, Others With Negligence

Chicago, Aug. 6.—(P)—Four hundred and eighty-five election judges and clerks of Cook county (Chicago) were discharged today by the county board of election commissioners on charges of permitting or committing irregularities in the April primary in Illinois.

The mass dismissal, which board president Alex J. McKay characterized as "the greatest ever discharged at one time," followed four months of investigation into 2500 complaints.

About 200 of the 485 would be prosecuted on ballot fraud charges—making erasures on ballots, making false entries and permitting illegal voting—McKay said. The others were deemed to have committed irregularities due to negligence rather than criminal intent.

The names of those dismissed were not made public.

RUTH BRYAN ROHDE TAKES HUSBAND TO CHICAGO ON TOUR

Chicago, Aug. 6.—(P)—Mrs. Ruth Bryan Owen Rohde, U. S. minister to Denmark, brought her husband to Chicago today on their honeymoon.

An unidentified admirer thrust a corsage into her hands as the bride stepped off an airliner from the east with her mate, Capt. Boerge Rohde, of the Danish King's Guards.

After smiling interviews, in which she said they planned to motor for three weeks through the beauty spots of the west, Mrs. Rohde led her husband to visit a few hours with her cousin, Mr. J. C. McBride.

Mrs. Rohde said she and her husband would leave by air at 9 p. m. EST after a sightseeing tour of the city.

2 Sleuths Demoted For Investigation Of Hoover's G-Men

Overstepped Bounds of Duty in Inquiring Into Killings

Washington, Aug. 6.—(P)—The anger of Attorney General Cummings at a secret service investigation of his G-men was cooled today by demotion of two high secret service officials.

Secretary Morgenthau, in whose treasury department the secret service is a unit, announced punishment of the pair in a letter to the justice department chief. Cummings replied he had dealt with the matter in an "effective fashion."

Joseph E. Murphy, a veteran of 35 years' service who commanded the White House guard from 1914 to 1918, was demoted from assistant chief of the secret service to chief of a bureau yet to be named.

Grady Boatwright, another former presidential bodyguard, was demoted from chief of the St. Paul bureau to a field post.

The disciplinary action followed treasury investigation of reports that some secret service agents had undertaken an inquiry into the slaying of John Dillinger and Eddie Green, a Dillinger gangster, were necessary.

Both outlaws were shot down in gun battles with agents of the bureau of investigation, a division of Cummings' department directed by J. Edgar Hoover.

Secret service operatives by law have only two duties—the safeguarding of the president and his family and the suppression of counterfeiting.

Public attention recently has been focused more sharply on the bureau of investigation, which is entrusted with looking into kidnappings, national bank robberies, and many other federal offenses.

Anti-Roosevelt Democrats Gather for Conference

Al Smith Announces He Will Not Attend Detroit Meeting

Detroit, Aug. 6.—(P)—A group of men once high in the councils of the Democratic party gathered here tonight for the avowed purpose of determining the most effective method of opposing the reelection of President Roosevelt.

From preliminary discussions, two courses of action—the establishment of an anti-New Deal Democratic ticket and an effort to swing Democratic votes to Governor Land—emerged to be given prominence in a formal statement by Sterling E. Edmunds, St. Louis attorney who called the meeting for Friday.

Interviewed at the same time, however, Edmunds was quick to emphasize that these were only suggestions and to add that the thirty to forty whom he expected to attend would canvass all possibilities in a closed session "where every man will be free to express his views."

Among those who will attend he enumerated James A. Reed, former Democratic senator from Missouri; Joseph B. Ely, former Democratic governor of Massachusetts; Bainbridge Colby, secretary of state in the administration of Woodrow Wilson; Daniel P. Cohan of New York, a former judge and long-time supporter of Alfred E. Smith; Henry Breckinridge who opposed President Roosevelt in several Democratic presidential primaries; Thomas P. Cadwallader who managed Breckinridge's Maryland campaign; John Henry Kirby, Texas Democrat; William A. Crampton, former Democratic governor of Michigan and Judge Eugene C. Bonniwell, twice Democratic nominee for Governor of Pennsylvania.

Alfred E. Smith, who with Colby, Ely, Reed and Cohan joined in a plea to the Democratic convention to "put aside" President Roosevelt has announced he will not attend.

Newsman At Berlin Shadowed By Police

London, Aug. 6.—(P)—A sensational story saying journalists attending the Olympic games are being shadowed by secret police was published today in the London Daily Herald.

The Berlin correspondent of the paper wrote, "Every day I see new faces in the press box. Not one of these newcomers makes any attempt to put pencil to paper. The journalists are tongue-tied. When they speak at all, they do so in lowered voices. Every man is under suspicion."

The correspondent alleged the copy he had written had disappeared from the box after he had been questioned about it by a stranger.

MAYOR RE-INDICTED

Fairfield, Ill., Aug. 6.—(P)—A special grand jury today re-indicted James O'Neal, former mayor of Fairfield, on a charge of embezzling \$6,000 while serving as supervisor of Grover township in Wayne county. A similar indictment against O'Neal was quashed in court here Monday.

AGREEMENT FOR NEUTRALITY IN WAR IS PUSHED

Hitler To Protest The Execution Of Germans

Paris, Aug. 6.—(P)—France tonight lastly drafted the text of an eight-power agreement for non-interference in Spain's civil war to forestall any aid to rebel forces by Germany or Italy.

Authoritative French sources indicated the government's action was hastened by the decision of Reichsfuehrer Hitler to protest to the leftist government of Barcelona against the reported execution of four German citizens.

An article in a Rome newspaper urging recognition of the rebel government also was a factor in spurring draft of the definite program for non-interference.

The question raised by Italy asking distinction between non-intervention and neutrality will be answered in the French text, officials indicated, by clauses withholding recognition of the rebel government and forbidding private industries to sell war supplies to either force in Spain.

The powers agreed in principle tonight were France, Great Britain, Germany, Russia, Italy, Belgium, The Netherlands and Czechoslovakia. Portugal's attitude was not yet apparent.

Germany had not replied formally, but diplomatic sources said "adhesions or opinions explicitly favorable," were received.

Italy's reply, with reservations, raised the question whether sympathetic expressions in some countries had not already constituted "a clamorous, dangerous form of intervention"—an apparent slap at leftist France and communist Russia.

Italy asked also what effect the neutrality pledge would have on private interests.

Russia imposed two conditions to her acceptance: Portugal must be included, and "certain states" must halt immediately "all assistance given to the rebels."

The latter limitation was seen in French circles as a flat charge of fascist leanings by Germany and Italy.

The appearance of Italian planes, allegedly carrying arms to rebel troops in Morocco, and a "courtesy call" to rebel headquarters by German naval officers spurred France to propose the noninterference program.

Widespread European war might result, the French predicted, if governments took a hand in the Spanish conflict.

Heart Attack Fatal To Representative Of South Carolina

John J. McSwain Dies After Being Stricken On Train

Columbia, S. C., Aug. 6.—(P)—A heart attack today brought death to Representative John J. McSwain, Democratic congressman from the Fourth South Carolina District since 1920, and chairman of the house committee on military affairs.

The 61-year-old lawmaker was stricken on a train as he was returning to his home at Greenville from Port Moutrie, near Charleston, where he had been spending several days with the 263rd Coast Artillery, a National Guard regiment of which he was honorary colonel.

He was removed from the train upon its arrival here, and transferred to the U. S. Veterans hospital about 1 p. m. He died at 3:15.

Dr. O. E. Herndon, the hospital's chief medical officer, said death was caused by recurrence of a coronary occlusion, an ailment for which the congressman received treatment at Walter Reed hospital in Washington about five years ago.

Rep. McSwain had been in failing health for several months. Early this summer he announced he would not seek re-election, saying his physician had warned him against undertaking the strain of a campaign.

RICHARDSON GROUP HOLDS ANNUAL PICNIC

Employees of the Richardson lubricating company held their first annual picnic last evening at Claremont Grove, west of the city.

Those present were Mr. and Mrs. K. W. Bridgman, Bluffs; Mr. and Mrs. Wesley Hobson, Meredosia, Mr. and Mrs. Harry Crabtree, Mr. and Mrs. Clarence Baker, Miss Roberta Baker, Miss Childress, Miss Lela Rose, Bloomfield, Miss Schilling, Earl Tilton, Harry Strawn, Paul Zeller, Mr. and Mrs. Curtis Fiedler, all of Jacksonville, and Ray Noft, supervisor from Pittsfield.

FEAR CIVIL WAR IN LABOR RANKS OVER AFL ORDER

Green Maintains Less Than Third Will Be Affected

Washington, Aug. 6.—(P)—Fear of a prolonged civil war in labor ranks over the conditional order of the American Federation of Labor executive council suspending ten member unions was evidenced today by a dispute between rival leaders over the immediate effect of the action.

While war talk was soft pedaled, William Green, president of the Federation, took issue with a committee for industrial organization estimate that suspension of the unions would split a "substantial majority" of central labor bodies.

About 1,000 of these central bodies—each representing all the local unions in a community—are scattered throughout the country. Regarded by labor men as extremely important, they handle all local issues.

After the Federation's executive council ordered the suspension of the ten member unions, the industrial organization unions within 30 days, Green explained to reporters that suspended unions would be put out of all state federations and central bodies.

John Brophy, director of the committee for industrial organization and John L. Lewis' first lieutenant in the committee's drive to bring all workers in each big industry into one union, told reporters this would split "a substantial majority" of the central bodies.

Green maintained, however, that "less than one-third" would be affected.

Twenty Four Lives Lost in Accidents In 24 Hour Period

Highway, Airway Fatalities Rise With Major Crashes

By The Associated Press.

The nation last night counted at 24 the lives lost in major highway and airway accidents within 24 hours.

Eight persons were killed when an airplane crashed five minutes after it left its St. Louis airport. The cause of the accident was not determined.

All seven passengers were killed when two automobiles collided head-on near Niles, Mich.

A mother and her 12-year-old son were burned to death when a moving van skidded down a hill near Beavers Falls, Pa., and crashed into the car in which they were sitting, starting a fire.

Five persons were burned to death and one other seriously hurt as a car overturned near New Orleans.

A Pittsburgh-to-New York bus, rolled over twice during a rainstorm near Huntington, Pa., killing two passengers and injuring 13 others. The driver, still occupying to escape injury, blamed the accident on a skid.

SOY BEAN OUTRANKS OTHER COMMODITIES ON BOARD OF TRADE

Chicago, Aug. 6.—(P)—The "lowly" soy bean, lusty infant of the grain trade, today outranked all other commodities listed on the board of trade in price.

Deal in only on the cash market and not in the futures pits with other grains, the beans, nevertheless, were selling about 14 cents above choice grades of wheat and 19 cents above corn.

With scarcity of beans becoming more acute, the price jumped 4 cents a bushel to a new peak of \$1.38 a bushel, paid for No. 2 yellow. This is the highest price ever quoted on board of trade records which date back to 1934 and represents a gain of about 60 cents since early in the spring.

"STUCK" IN AIRPLANE

San Antonio, Tex., Aug. 6.—(P)—Lieut. Herbert B. Thatcher of Kelly Field was "stuck" in the air for about an hour today when the controls of his plane jammed.

During that time he flew in wide circles. The plane would not climb or descend.

Finally Lieut. Thatcher jumped with his parachute.

TO CHICAGO

Harold Hembrough, Mrs. Laurence Hembrough and sons James and Richard of Jacksonville, Mrs. H. J. Hembrough, daughters Dorothy and Geneva of Vinchester left for Chicago yesterday morning for a week's visit with friends and relatives.

Madrid, Aug. 6.—(P)—Spanish loyalists tonight claimed surrender of rebel Cadiz in the south, smashed toward northern Zaragoza with capture of 2,000 fascists, and dug in for two or more months of warfare to quell the 20-day rebellion.

(The Reuters news agency reported, however, that rebels still held Cadiz.)

Landing of 4,000 additional Moroccan troops on the Spanish mainland, after a five hour battle in the Straits of Gibraltar, was the chief regal gain for the day. It brought to 8,000 the African forces now available to the southern fascists.

Both sides, admittedly in the market for munitions, faced the problem of finding any available to them with announcement eight European nations had agreed in principle to supply neither fascists nor loyalists with arms.

Capture of Cadiz marked an important advance by the loyalists who had been unable to penetrate the southern sector effectively since the revolt began.

Berlin dispatches reported four German cities had been executed at Barcelona after brief courtmartial, although they carried necessary identification papers. The German ambassador delivered a protest to the Barcelona government.

(French advices from Morocco asserted German warships were stationed off Cadiz, and reported rumors they might go to Barcelona to demand apology for bombardment of the German freighter Sevilla in the Gibraltar Straits.)

The advance toward Zaragoza was an invasion of strongly entrenched rebel territory. The government army was 11 miles from the rebel city at nightfall.

Surrender of the 2,000 rebels opened the road for swift advance, the loyalists asserted.

An aerial survey of fascist positions inspired admission that the campaign to put down the revolt in all sectors would be a long, bitter battle.

Abandoning first efforts to dislodge the foe in one or two crushing advances, loyal forces settled down for prolonged warfare in the Guadarrama mountains outside Madrid.

Aviation chiefs asserted enemy positions were so well fortified, it was highly improbable the fascists could be blasted out before the better part of two months.

Many months of preparation by the fascists were indicated, the aviation chief said. They believed Jose Maria Gil Robles, as minister of war, laid plans last fall for the revolution and mapped strategic positions.

Increasing use of aerial warfare was ordered by the loyalist liberals—bombardment "without mercy." Thirty airplanes were dispatched from Madrid to strengthen air squadrons on the northern seaboard.

Fascists too, hoped to battle in the air but they lacked a formidable air armada. The insurgents notified airplane sections they were ready to do business—and a number descended at Gen. Emilio Mola's Burgos headquarters.

Some were reported ready to finance the rebellious movement, in return for contracts and concessions if the fascists win.

Order Hanging of Kentucky Negroes

10,000 Expected At Owensboro Execution

Frankfort, Ky., Aug. 6.—(P)—Gov. A. B. Chandler today ordered Rayne Bethea hanged Aug. 14 at Owensboro and John (Pete) Montjoy hanged Aug. 21 at Cave Spring for ravishing white women. Both are Negroes.

Montjoy was convicted in 1935 of attacking a 27-year-old white woman on an automobile parking lot in Covington on the night of March 22, 1935.

Betha was convicted on June 25, 1936, of assaulting Mrs. Elza Edwards, 70, prominent Owensboro woman who was also choked to death and robbed on June 7.

Betha will be hanged in the Daviess county court house yard. Montjoy will be hanged in the Kentucky county court house yard at Cave Spring.

Large crowds are expected to see both executions. Owensboro officials will prepare for a crowd of 10,000. Mrs. Florence Thompson, sheriff, is directing arrangements for the Bethea hanging.

ECONOMIST SEES HIGH TAXES AS DROUGHT RESULT

Bases Predictions On Previous Dry Spells

Chicago, Aug. 6.—(P)—Rising taxes were forecast tonight by Ernest Hahne, Northwestern University economist, as a probable result of the drought.

Basing his prediction on the economic effects of dry spells of 1934 and previous years, Hahne said the country could expect:

1. An increase in taxes to support the needy and unemployed.

Reduced crops, he said have already created a shortage in the demand for farm hands with the result that the jobless migrate to the cities and so on the relief rolls there. The tax rise would be needed to handle the heavier load.

2. In the drought states, real estate tax payments are likely to fall, he added, forcing either an increase in local levies or curtailment of the functions of local government, such as schools and police.

School years were shortened in 1934, he recalled, and school teachers' salaries went down as low as \$40 a month.

3. "Invisible taxes" in the form of higher prices for food and an increased cost of living are likely.

The economist explained that short crops not only boost costs of eatables, but affect "certain manufactured products."

In addition to taxes, Hahne—rated by colleagues an authority on tax finance—said business would feel drought's effect in several ways.

Railroad carloadings drop abruptly when harvests fail to come in, he asserted, and since carloadings constitute one index of general business conditions, security markets reactions sometimes follow their variations.

Hahne said a severe drought usually brings lapses in the interest payments on farm mortgages with companies which specialize in them feeling some consequences.

The economist, who has a farm of his own in drought dried Kansas, expressed disagreement with opinions that the farmer as a whole would be "better off" because of the drought.

Purchasing power would be increased in some regions at the expense of others, he said, but the net result would be a reduction in what the farmer can buy.

Hahne saw two bright spots in the drought situation:

1. He said the suffering of the farm belt had touched a chord of sympathy in industrial areas, with the result that the country was being knit closer together.

2. Imports of farm products would probably be necessary, he said, opening the way for reciprocal foreign markets for manufactured goods.

Progressives May Apply to AF of L For Membership

Rival Organization of UMW To Consider Question At Convention

Gillespie, Ill., Aug. 5.—(P)—President William Keck of the Progressive Miners of America, which four years ago broke away from the United Mine Workers of America, today said his union's convention next month probably would consider the question of applying for membership in the American Federation of Labor.

The Progressive's biennial convention is scheduled to convene here September 14.

Keck declared the issue confronting the Federation of Labor, which has taken steps to suspend unions following the leadership of President John L. Lewis of the United Mine Workers, is the same as that faced by the Progressive miners in 1932.

"Four years ago we made a plea to the rest of the labor movement to maintain democracy in labor organizations," Keck said. "We pointed out that sooner or later other unions would be faced by the same issue. It is now here."

"Lewis used the same undemocratic tactics in the U. M. W. A. as he is now using in an effort to split the A. F. of L. Whenever any labor movement refuses to abide by the wishes of the majority, my guess is that labor won't last long."

Woodstock, Ont., Aug. 6.—(P)—Walter P. Admison has gone back to Waukegan, Ill., where he resided more than 30 years ago, to claim a forgotten deposit of \$1,300 in a now defunct savings' bank there. He went in response to an advertisement of the bank's liquidators calling on the owners of unclaimed deposits to get them by Sept. 1 or lose their rights. Admison had forgotten about the money.

Thompson to Run for Governor As Union Candidate

"No Doubt of Victory" Says Former Chicago Mayor

Chicago, Aug. 6.—(P)—William Hale ("Big Bill") Thompson, former mayor of Chicago and a leading Republican vote-getter in many a city campaign, announced today his candidacy for the governorship of Illinois on the union party ticket.

Thompson's affiliation with the new political group, whose presidential candidate is Rep. William Lemke of North Dakota, was first disclosed by Newton Jenkins, Chicago attorney who will be its senatorial nominee.

Shortly afterward, Thompson, three times elected mayor, added his confirmation in a brief statement asserting:

"We're going to win this fight in Illinois."

"A majority of the people of the state are either in the Townsend plan, the Lemke plan for farmers, the Coughlin plan or the Huey Long plan. With Thompson's friends uniting behind them, there can be no doubt of victory next November."

As union party nominee, Thompson will oppose Gov. Henry Horner, Democratic incumbent seeking a second term, and C. Wayland Brooks, the Republican candidate.

Since the April 14 primary when his candidature for the Republican nomination for attorney-general, Thomas V. Sullivan, was defeated, Thompson had threatened reprisals by party leaders.

He had indicated several times he would run as an independent candidate for governor. Sullivan will be on the ticket in November.

Republicans Say WPA Is Preparing Movie Propaganda

Accuse Democrats of Avoiding Corrupt Practices Act

Washington, Aug. 6.—(P)—The Republican National Committee said tonight that "a moving picture propaganda bureau" had been established in the Works Progress Administration, and a contract made with Pathé News to produce films until next July at a cost of \$4,280 for each 600 feet.

Under the contract, the statement said, the film organization agreed to release "only news reel story on the subject of WPA activities each month" through a National News reel.

In another statement, Representative Bolton of Ohio, as chairman of the Republican Congressional Committee, said "the new campaign handbook of the New Deal congressional committee, styled the Democratic Register, should prove a handy device for circumventing the corrupt practices act."

"The sale of advertising space at \$700 a page affords an avenue of escape from reporting campaign contributions as required by law," he added.

Among other developments of the day here bearing on the political situation, Secretary Ickes termed the announcement of a non-partisan position by the American Liberty League "not only disingenuous but deceptive."

He said he possessed evidence that the league was set up to defeat President Roosevelt, "if it could."

Joett Shouse, president of the league, rejoined in a statement that the league was "proud" of Ickes' "enmity." He called him the "chief common scold for the New Deal," and expressed hope that the cabinet member would continue "to talk without restraint and without limitation."

Speaking under Republican auspices on the radio, William H. Hall said "the New Deal has taxed the rich until it has used them up as big sources of revenue and now it has to turn to supporting itself more out of the pockets of the poor."

ILLINOIS COLLEGE STUDENT NOT HURT IN AUTO ACCIDENT

A message from the St. Louis bureau of the Associated Press last night dispelled fears for the safety of Herbert Hizer, Collinsville youth who has attended Illinois college for the past two years.

For a time it was believed that the private from Jefferson Barracks, St. Louis, who was killed in an auto crash at Niles, Michigan, and listed as Herbert Hizer, 18, might be the Herbert Hizer known in Jacksonville.

It was revealed, however, that the youth who was killed had lived in St. Louis county and had enlisted at Jefferson Barracks last year. The similarity of name, age, and place of residence was simply a remarkable series of coincidences.

Picking Political Plums

If you are looking for a good, easy political job, get yourself appointed as a game warden. You have no office, there is no one bothering around to see that you do the work for which you are paid, and even if you want to make a show of doing your job, you can usually arrange to be at places where it will not be necessary to make any arrests.

Illinois probably has the worst, or at least the most ineffective system of game preservation of any state in the union. In the more than ten years that the writer has been going about casting his line upon the waters, he has not once been asked to show his fishing license, has not been asked to show the size of his catch, nor has he knowingly seen or talked with a game warden while out fishing. The same holds true for hunting.

We don't know how much the state pays its game wardens, but whatever it is, the amount is too much for the work received. As far as we have been able to learn, the game wardens have not added anything to the state's resources, nor have they made much progress along educational lines.

Yes, a game warden's life in Illinois is not much of a burden nor does it interfere materially with any other activity in which the appointee may be involved. A few more years of this type of conservation and the state's streams and lakes will be almost as barren of fish and its prairies of game as a bald headed man's head is of hair.

Quite in contrast to the Illinois system are the Minnesota and Canada methods. In the areas controlled by these two governing units, guides will not take out fishermen unless the fishermen have their licenses. In this state fishermen do not need guides, but in many places they are required to pay a small fee for the privilege of fishing, or for using boats. Persons who operate these places might be included in the game conservation service.

There should be some method of bettering the game warden service in this state. People no longer hold much respect for the laws governing size of fish or daily limits.

Diz' And The Cards

The man was old, tattered and torn—a perfect illustration of the individual poet—Markham described as “bowed with the weight of centuries.” At least he was in deep, deep thought as he came shuffling in the local store.

He made his meager purchase, fishing out what seemed to be a “last” dime from the depths of grimy pockets, and then came sidling over toward us. Was it to be another of these “spare-a-dime” touches?

The voice began, weak and querulous. “Say them Cards and old Diz’ has certainly been bowlin’ them teams around lately. Ev’body thought they was through when Paul got hurt, but I b’lieve they’re goin’ to take ‘em yet!”

The lexicographer who thought of the word, “flabbergasted,” had us in mind at that tense moment. The state of flabbergastedness was such that we listened open-mouthed for ten minutes while the old codger expounded batting averages and baseball personalities, apparently with the idea of converting us to the national game.

During a pause for breath, we managed a feeble, “Yeah,” and escaped.

It isn't revolutions, communists, murders, depressions and politics that seem to make the furrows on the worried brow of the citizenry, but how “Diz’ and the Cards” are doing. Which at present is—pretty well.

Equal Work: Equal Pay

“Equal pay with men for equal work” is a feminine-propelled slogan winging its way around the world these days. And it's getting results, too.

In Paris, for instance, the International Federation of Business Women has just endorsed the principle.

“We don't want to be known as women chemists, women artists, and women teachers,” said one speaker at this Paris convocation. “We are chemists, artists, and teachers, and we have a right to the salaries appropriate to those professions.”

Women's participation in business and government has long since settled any question of the equality of the sexes. This new request of equal pay for equal work is wholly justifiable.

THE TORCH BEARERS

Another View of Jacksonville's Water Supply

This picture, taken several days ago by a Journal Courier photographer, shows how much water there is left in the east part of Lake Mauvasterre, which the city of Jacksonville relies on to supply enough water for all of its schools, state institutions, business houses and residences.

In the distance can be seen the bridge near the Dick Woods farm. Ordinarily the water extends far to the other side of that bridge, but due to the fact that mud has constantly been filtering into the lake it has become very shallow. Consequently, when rain fails to fall it doesn't take

long for the sun to soak up what little water there is. Officials have estimated that about as much water is lost through evaporation on hot days as is pumped out for use in the city. During the extremely hot weather these two factors, increased evaporation and increased

consumption, caused the lake to drop at the rate of an inch a day.

The problem that is facing the city of Jacksonville in regard to obtaining an adequate water supply is very acute. Some action must be taken, but the course must first be carefully plotted.

Constitution Day Program is Urged

D.A.R. Will Provide Material for Programs or Study Groups

Program chairmen in the various women's clubs in the county have received requests from the state organization to plan observance of Constitution Day during the month of September or October in accordance with their regular meeting days.

The D.A.R. society of the national organization has prepared material for study groups, also available upon request for programs to be used by any club. A 1936-1937 handbook will be ready for distribution this month, as will the Constitution number of the National Defense News. Speeches made at the D.A.R. convention.

Bainbridge Colby Democrats continue to pass all understanding. Inasmuch as Roosevelt's worst enemies have admitted ever since that the League banquet featuring Smith's speech was one of the worst political blunders ever pulled, you might think they'd watch their step.

But now they let the call for the convention of "Constitutional Democrats" be sent out by Sterling E. Edmunds, wealthy citizen of St. Louis. Edmunds is a leading spirit and big shot in the National Committee for Protection of Child, Family, School, and Church, which, whatever else you might suppose it to be, is a vehicle for fighting child labor legislation.

Edmunds is known to child welfare workers as a tireless foe of the child labor amendment. What the "Constitutional Democrats" seem to need most is a brain trust. (Copyright, 1936, NEA Service, Inc.)

White Hall Baptist Circle Has Meeting

Miss Emma Thuet Hostess to 44 Persons; Other News notes

White Hall—Miss Emma Thuet was hostess to the Baptist Mission Circle, Tuesday afternoon, and was assisted by Mrs. William Teter and Mrs. Ivan Shackelford. There were forty-two persons present.

Mrs. Buel Pair, vice president, presided for the president, Miss Laura Duncan, who is out of town. The devotionals were in charge of Mrs. Ben Kirgan and roll call was answered with Bible verses pertaining to the Harvest. Rev. C. W. Kerst, pastor of the First Baptist church gave a talk.

A Missionary playlet, entitled "Pin Holes," was presented by girls from Mrs. P. J. Roodhouse's class of girls, under the direction of Miss Marjory Hackley. Those taking part in the play were Virginia Fraser, Barbara Kirgan, Virginia Neal, Ruth Simonds, Gladys Spencer, Vincent Shackelford.

At the close of the playlet a quartet composed of Misses Abilee Roodhouse, and Irene Livingstone, Mrs. Ben Kirgan and Mrs. Elmer Winn, sang "I Want to Be a Christian," making a most appropriate conclusion to the program.

The guests beside those taking part in the program included Miss Hattie Vandever of Chicago, Miss Sylvia Paltner, Mrs. P. J. Roodhouse, Miss Roberta Kennedy and Miss Gladys Neutzman.

The guests taking part in the program were the girls taking part in the playlet, Miss Hackley, Abilee Roodhouse, Irene Livingstone and Miss Elmer Winn.

News Notes

Miss Hattie Vandever of Chicago is spending her vacation here with Mrs. William Short, and her brothers, Frank Vandever on East Lincoln street and John Vandever at Greenfield. Miss Vandever teaches in Chicago.

Misses Mildred Rexroat and Thelma Pembroke and Clyde West, all of Jacksonville, have returned from a trip to Washington, D. C., where they were guests of Miss Nita Rexroat. Miss Pembroke, and Miss Rexroat came to White Hall to spend the week-end with relatives. Miss Pembroke visited her sister, Mrs. R. G. Dugger on Centennial street, then went to Athens-

She Will Grace Alabama House

If there is a general coming of cowbirds and adjusting of ties when the Alabama House of Representatives next meets, comely Sybil Poole, above, will be the reason. Chosen by her county's Democratic committee to fill a vacancy, Miss Poole will take her seat as a lawmaker after an election that is little more than a formality.

Arabelle Roodhouse is spending this week in St. Louis as the guest of Miss Grace Annette Nevius, at the home of Dr. and Mrs. Hal Nevius.

Loren and Virginia Kirkbride of Pana, and Gladys and Lucille Munger of Cameron, visited Mr. and Mrs. Arthur Burchfield, Wednesday and took Joyce Burchfield home with them where he will visit until Sunday and join his parents at a family reunion to be held near Taylorville Sunday.

Miss Marian Hudson who has been visiting with Mr. and Mrs. Leighty of Pana for the past week returned home Wednesday. Announcements have been received in White Hall telling of the birth of a son to Mr. and Mrs. Francis E. Pekarek, in a St. Louis hospital, Saturday, August 1st. The child has been named Francis. He is the first child. The mother before her marriage was Miss Dorothy Singleton of this city.

Mrs. Lloyd Lorton was hostess to the White Hall unit of the Greene County Home Bureau at the home of her sister, Mrs. Eugene Rawlings, east of Roodhouse, Thursday. There were twenty members and one associate member present. Miss Bernice Smith of Carrollton the county home advisor, gave both lessons for the day. The major lesson was on Materials for Slips, and the minor lesson was on Containers for Flowers.

Guests at the meeting were Dorothy Bandy, Mrs. Bertha March, Josephine Thompson, Lucille Brickey, Helen Bartlett and Beulah Rawlings. The next meeting will be at the home of Mrs. Otto Wilkes, west of White Hall.

Mrs. C. A. Hulbush who has been visiting for the past five weeks with her parents, Mr. and Mrs. W. A. Winn on North Main street, departed for her home in Walla Walla, Washington, Sunday.

Mr. and Mrs. Clyde Winn of Detroit, Michigan, arrived Saturday for a visit with their parents, Mr. and Mrs. W. A. Winn and in time to see their sister, Mrs. C. A. Hulbush before she left for her home in Walla Walla.

Lang Russell, of Jacksonville underwent a tonsilectomy in the White Hall hospital Wednesday morning.

Doris, the little daughter of Mr. and Mrs. Otis Jouett, underwent a tonsilectomy in the White Hall hospital, Wednesday morning. Dr. Paul Bauer was the surgeon in both cases.

Mrs. Ralph Lovell and little daughter, Carrie Lou, left the White Hall hospital Wednesday and returned to their home in Rockbridge.

CARD OF THANKS

We wish to extend our sincere thanks to all our friends for their kindness in our recent bereavement.

Munger to Be Guest At Celebrity Night

Illinois College Football Player Included in List for Party

Willis Munger, Illinois College football player who was elected to membership on the College All-Star football team which will play the Detroit Lions in Soldier Field, Sept. 1, will be one of the guests of honor at a "celebrity night" dinner, August 12, at the Northside Night Club, Chicago, operated by the parents of Russell Spuehr, Illinois College halfback.

F. M. Kalteaux, Republican committeeman of the 28th ward in Chicago, is playing host to Munger and a few members of the Chicago White Sox baseball team, George Halas, coach of the Chicago Bears professional team, Leo Freisinger, Olympic ice skating champion and prominent sports writers in the city.

Mr. Kalteaux, who is credited with doing much toward furthering Munger's campaign for a place on the all-star team in the Chicago area, has been entertaining Munger for the past week.

Gas Ignites, Local Woman is Burned

Mrs. Lawrence Goveia Painfully Burned About Lower Legs Yesterday Morning

Mrs. Lawrence Goveia was painfully burned about her lower legs yesterday morning when some gasoline which she was using to clean some clothes ignited. Mrs. Goveia was in the basement when the accident occurred, and although her legs were burned between her ankles and her knees, she managed to get upstairs to call the fire department, which rushed to the scene at 9:45 o'clock.

The blaze in the basement was quickly extinguished and no appreciable damage was done to the house. Mrs. Goveia's injuries, though painful, were not thought to be serious.

CARD OF THANKS

We wish to thank our friends and neighbors for their many acts of kindness extended to us during the illness and death of our mother, Mrs. J. T. Chumley, also for the many beautiful flowers and the use of the cars.

Discontinue Union Services in Park After Next Week

Two Roodhouse Pastors Will Leave on Vacations; Other News Notes

Roodhouse.—The Ministerial Union met in regular session for the month of August in Christian church basement Monday evening. After the regular routine business was transacted, the members of the union entered into a general discussion of civic and church matters and made definite plans to carry out certain programs relative thereto in the very near future. The pastors of the Baptist and Christian churches are planning to be away for a vacation trip on Sundays, Aug. 16 and 23, and because of this, mutually

agreed that it would not be expedient to continue the union services in the park for the remaining portion of August.

Roodhouse Rotary Meets
The Rev. C. W. Kerst, pastor of the First Baptist church of White Hall, delivered an inspirational address to the members of the Roodhouse Rotary club at the regular meeting Tuesday noon. Rev. Kerst used as his subject, "Civic Righteousness." He emphasized particularly the influence of the picture show of the present day upon society both for good and for evil. Merle Mackey was in charge of the program for the day and Mayor Fred Todd will be in charge next week. All members present excepting two.

Good Will Circle Meets
The Good Will circle, an active organization of women in the Roodhouse Methodist Episcopal church, used the church basement apartment for its summer social and business meeting Tuesday evening. Business session at 7:30 with Mrs. George Richardson, vice-president, presiding. General business of importance was taken care of and the annual report by the secretary and treasurer, Miss Euphemia Shield, was read. An excellent report of work done and money raised and expended.

The annual election was held and the following officers were unanimously elected: President, Mrs. L. A. Crause; vice-president, Mrs. George Richardson; secretary and treasurer, Miss Euphemia Shield. A very delightful program under the direction of Mrs. Ella Edwards was the entertaining feature of the evening. "Why I Never Married" was the title of the playlet or stunt presented by the following characters: Mesdames Delmar Wintler, J. Standage, Dave Harris, Frewen Plahn, Everett Prather, Wm. Keller, Wm. Worcester, J. A. Ryan, Walter Harms, J. C. Akers, O. L. Edwards, Guy Langley, D. K. Neal, and Miss Nellie Weiser. All characters appeared in appropriate costumes. Seven of the women represented men. The "make-up" of the performers and the presentation of the play were perfect. In the end, the fourteen forsaken, agreed to pair and were happily married. The grand wedding march was played by Mrs. George Innis.

The refreshments were prepared by the following committee and served by representatives thereof: Mrs. Neta Duty, Mrs. Nina Savage, Mrs. Mabel Griffin, Mrs. Milton Wilson, Mrs. Mary Locher, Mrs. C. S. Heaton, Mrs. Grace Fraley. Fifty-six were present. Next meeting Tuesday, Sept. 1.

Union Meeting Held
The union worshiping the congregations of the Roodhouse churches was well attended last Sunday night. The special singing by the junior choir of the Christian church, under the direction of Mrs. H. M. Battershell, with Billy Battershell as pianist, and the reading by Mrs. Mary Roodhouse of White Hall were special features of the program.

The sixth and last of the series of six meetings will be held in the park pavilion next Sunday evening at 7:30. Rev. Thomas W. Bass of the Christian church will preside. Mrs. Mae Jones-see will be pianist for the occasion. The sermon will be delivered by Rev. R. E. Best of the Baptist church. Rev. Milton Wilson of the Methodist church will have charge of the music. An union choir will lead in the song service. A young ladies' quartette from the Methodist church will furnish the special music. The quartette is composed of the following, the Misses Mary Camp, Frances Sawyer, Sarah Jane Fraley, and Betty Hamilton. Miss Marian Locher will be the accompanist for the quartette.

News Notes
All Roodhouse churches have announced regular worship next Sunday morning and Sunday school sessions. The Methodist church will observe a pre-ally day program in the Sunday school at 9:30 and the Epworth League will hold a special meeting in the evening at 6:30 for the purpose of hearing reports from those attending annual institute at Petersburg. The W.F.M.S. of the Methodist church announce a special meeting to be held in the Walter Harms home Thursday, Aug. 13, at 2:30 o'clock.

MUSSEL SHELLS NOW WORTH NEAR \$26 TON

Button Factories at Pearl and Meredosia Buy Up Large Lots

Mussel shells, most of them obtained by diving and wading hunters, are selling at present for about \$26 a ton, according to the latest word from button factories located at Meredosia and Pearl. The factories have been buying up the shells lately and are producing a large number of buttons for clothing manufacturing firms. Commercial fishermen have turned from their usual occupation to that of taking mussels during the low water in the Illinois river. Not many of the commercial fishermen are equipped with the peculiar hooks used to snag the mussels, but the lack of equipment has not stopped their production.

Working along the edges of the river, and out into the river where it is shallow, the fishermen pick the mussels out of the mud and sand.

Their work has some of the spirit of adventure, too. There is always a chance of picking up a mussel in which there is a large pearl.

RAY LINN TO SPEAK AT WPA BALL SCHOOL

Appropriate \$45,000 For Jerseyville at Meeting of Council

Total Divided Among Five Departments; Other News of County

Jerseyville—The annual appropriation ordinance providing for the corporate expenses of the City of Jerseyville was passed at the meeting of the council Tuesday evening.

The ordinance provides for a total appropriation of \$45,000 for municipal purposes which is divided among the five departments of the administrative government. A total of \$13,500 is appropriated for the Department of Public Affairs to be disbursed in the following manner: For Public Benefits, \$4800; For Public Library, \$2300; Municipal Band, \$1400; Police Salaries and Expenses, \$4,000; Elections, \$1000.

The annual report of City Treasurer William F. Hanley was filed for the fiscal year closing May 1st, 1936. In the prologue to the numerical citations, Hanley states: "I am pleased to report to you that on May 1, 1936 the City had no unpaid or outstanding direct obligations, except that suit has been filed against the City by W. C. Connett, trustee for the Jerseyville City Water Works for payment of a certificate of indebtedness dated December 1, 1926 in the amount of \$12,073 which, it is claimed, the City issued in payment of interest on water works certificates. The City denies liability and is contesting the claim. All bills for materials, services, and payrolls have been paid currently out of revenue collected and received.

In addition to the balances shown in the various funds of the report, Treasurer Hanley reports "As set forth in the accompanying condensed statement, Cash Receipts and Disbursements, I have paid and canceled Special Assessment Improvement bonds totaling \$13,900 during the fiscal year 1936."

On May 1st, 1936—the combined balance in various funds totaled \$9424 and this was distributed as follows: General, \$1,241.40; City Tax, \$1,473.60; Auto License, \$46.71; City Road and Bridge Tax, \$635.44; Library, \$2,398.54; Public Benefits, \$3,223.65; Municipal Band, \$4.65; Motor Fuel Tax, \$357.89; Highway Maintenance, \$42.75.

Kill Large Rattlesnake
One of the largest rattlesnakes killed in the Rosedale vicinity was knocked in the head early Tuesday morning by Warren Groppe of that locality.

The rattler, a thick bodied timber type, boasted eleven rattles of substantial formation. The snake is the second one of large size to be killed in the past ten days. Another rattler having fourteen rattles was dispatched one day the past week near the same place.

Business House Closes
One of the oldest business houses of this city will be sold out this

week when an auction of the goods of the H. A. Tunehorst Jewelry store begins. Tunehorst began business in Jerseyville in the Snedeker building on State street in the fall of 1878. The business was burned out on January 17, 1887, but was immediately reopened in the Goecke Building where it remained until the fall of that year. It was then moved again into the rebuilt Snedeker Building in its present location.

More than a year ago the aged proprietor's health failed and he has been residing since then with his son, Lee Tunehorst in St. Louis. The business for the past six months has been closed here.

Illegally Wed 50 Years Ago
Investigation of applications filed for the Old Age Pensions have revealed some unusual facts. John Bloomer, Chairman of the Welfare Committee, reported Wednesday that in checking over one application it was found that the woman making a request for pension had been married in Madison county fifty years ago but that the license certificate had been issued in Jersey County. This fact would invalidate the marriage as the law provides that the marriage ceremony must be performed in the county in which the license is issued.

The license, however, was returned to the County Clerk of Jersey county following the marriage and was recorded without the legality of the ceremony being questioned.

SCIENCE ADVISES AGAINST MEALS LOW IN NEEDED "BULK"

Reports ALL-BRAN Supplies This Dietary Adjunct

Scientific tests have shown that meals which miss the proper "bulk" tend to cause common constipation. This condition causes discomfort, and may lead to headaches, loss of appetite, even serious disease.

Avoid these faulty meals by adding Kellogg's ALL-BRAN to your menus. It supplies generous "bulk" in convenient form. This absorbs moisture, and gently exercises and cleanses the system. ALL-BRAN also furnishes vitamin B and contains iron.

The "bulk" in ALL-BRAN is often more effective than that found in fruits and vegetables as it does not break down within the body. Two tablespoonfuls daily are usually sufficient. If not relieved this way, consult your doctor.

Kellogg's ALL-BRAN may be served as a cereal with milk or cream. Sprinkle over soups, salads or other cereals. Or work into appetizing muffins, breads, waffles, etc. It adds a delicious nut-sweet flavor to your recipes.

How much better than taking patent medicines—sometimes harmful! ALL-BRAN is sold by all grocers. Made by Kellogg in Battle Creek.

GOP Organization Meeting Is Held In Greene County

R. Y. Rowe Addresses Group At Carrollton Court House

Carrollton, Ill. — An organization meeting of the Greene County Republican committee was called in the circuit court room of the county court house in Carrollton, at 8 p. m., Tuesday.

Electrical Installation AND Repairing

JOHN M. DOYLE

1135 South Clay. Phone 1050.

Chairman Sidney E. Simpson and Secretary Joseph Lyman were in charge. R. Y. Rowe, Jacksonville, State Republican Central Committee member delivered the main talk of the event. Some of his chief points of interest were: The Republican platform and what it means. The next campaign issue and the principles it embodies, namely the election is not an issue between the Republican and the Democratic ticket, but a battle between the Republican and plutocratic party. The appointing of one million five hundred thousand new officers, the violation of the promise made in 1932, that in 60 days after the present administration took office, depression would end.

The speaker gave these facts and defied a challenge. "Today there are still 20,000,000 persons on relief, 12,000,000 more unemployed, several million on W.P.A., and the other A.B.C. projects, while the country is

FLUSH OUT 15 MILES OF KIDNEY TUBES

Medical authorities agree that your kidneys contain 15 Miles of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 Miles of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

If kidneys don't empty 3 pints a day and so get rid of more than 3 pounds of waste, poisonous matter may develop, causing serious trouble. Don't wait. Ask your druggist for Doan's Pills, which have been used successfully by millions of people for over 40 years. They give happy relief and will help to flush out the 15 Miles of kidney tubes. Get Doan's Pills at your druggist.

really in worse shape than in 1932. The country has gone into a deficit of \$21,000,000,000 and is going in the red at the rate of \$212.00 per second or \$7,000,000,000.00 per year. The whole platform of the present administration is not what was written before the last election, but rather one to junk the constitution and do away with the power of the supreme justices. The speaker predicted that if this was ever done, it would probably mean the "last election as a free republic ever held in the United States."

He also talked on the imports of Argentine and Chile corn and Canada's wheat coming into this country, by the ship load while corn and other grain were being destroyed by the millions of bushel in the fields of the richest corn belt in the world, namely the states adjoining Illinois. One figure given was that for every bushel of Argentine corn imported to the U. S. in 1934, 124 bushels was imported in 1935, and that this year a certain ship subsidy was coming a fortune hauling corn from South America, to the Mississippi river, where it was being shipped into this corn belt to be sold to feeders, while crops of wheat and other grains were rotting in the fields or being burned without being cut, because of a supposed over-production.

Other speakers were H. H. Montgomery, Winchester, Republican candidate for congress in the 30th district; Mrs. Clarence Skeel of Kampsville, district central committeeman; and L. E. Wilhite of Carlinville, Republican candidate for representative in the 21st district.

Brighton, England, hasn't had a single case of banditry since police patrols were equipped with pocket wireless receiving sets.

Pike Orchardist is Enthusiastic About Outlook for Season

Believes County Will Show Best Returns of Any in State

Charles L. Schaper, who operates the Schaper Products Company, believes Pike county will have the best apple crop in the state. Mr. Schaper, who has made a survey of the conditions throughout the United States, expects the state of Washington to produce the most apples in comparison to former years, and sees little hope for a very large crop in most of Illinois and all of Missouri.

Schaper expects to market about 200 carloads of apples from the Valley City packing plant which his company operates. Last year the firm shipped out 282 carloads. The forecast has been made despite the fact that Calhoun county is expected to market only about 25 percent of a normal crop.

This year's crop, according to the expert, probably will include more Willow Twigs than ever before, and a much smaller number of Jonathans. The company already has booked for delivery 100 cars of Willow Twigs and Jonathans, F.O.B. cars at Valley City, at prices ranging from \$1.25 to \$1.35 a bushel.

New Zealander Wins Metric Mile in Record Time; U. S. Far Ahead in Olympic Score

Berlin, Aug. 6.—(AP)—Gliding flawlessly at a speed which, if sustained, would less to a world record triumph at have approximated a 4:03 mile, New

Zealand's John Edward Whitlock raced off with the classic Olympic 1,600 meter championship like a feather in a breeze today. The curly haired, supremely confident little medical student staggered the world's foremost milers by uncorking a final 300 meter sprint, standing off the lion-hearted challenge of the great Glenn Cunningham and clipping a full second off Bill Bonthron's world record time of 3:48.8.

Proposal to Dredge Lake to be Given Consideration Soon

(Continued from Page Twelve)

The water superintendent, who was called into the discussion about the advisability of dredging, said that he would like to hear from engineers more qualified to speak on the subject before he made up his mind. It was then that the council voted to ask Mr. MacDonald to come here and make a report to the council and to the citizens of his findings. The council disposed of a few other items before it responded to a motion of Alderman Denny to determine what the costs of such a report would be before Mr. MacDonald came to the city. Residents of West Morton avenue, who tried to get city water to their homes two years ago, had another request for service put in the hands of the board of local improvements. Several property owners were in favor of the improvement, but there were others who voiced objections.

The council adopted an amendment to the ordinance creating the office of plumbing inspector, in order to make it conform with the state law. Another debate cropped out when City Attorney Cleary read a communication from the American Legion asking that the name of Reservoir park be changed to the "Veteran's Memorial Park" in honor of the soldiers of past and future wars. None of the members of the council knew anything about the communication, which provided that the American Legion was not to be held responsible for the upkeep of the park in a financial way, and they turned the proposal over to the park board.

City Engineer Stapleton said that he had talked with some of the members of the American Legion and had been given a rough idea as to how the park was to be improved through building walks and planting trees, and his explanation drew an immediate reply from Basil Borrells, president of the park board.

The park board had not been consulted about the proposed change, Mr. Borrells said, and the proposed improvements would only serve to increase the costs of maintenance for the whole park system. M. M. Barlow, park board member, also objected to the plan on the grounds that declining revenues and increased costs were

Hamm, Lukeman are Defeated At Culver

Pair Eliminated in Second Round of Junior Doubles Tennis Meet

Robert Hamm and Elmer Lukeman, playing in the second round of the Junior Doubles tennis tournament at Culver, Indiana, yesterday, were defeated by Aldo Amorini, Cincinnati, and John Clark, Chicago. The Jacksonville boys gave the winners a good run for their money, winning the first set 6-4, losing the second 3-6, and forcing the third into extra games before dropping 6-8.

Culver, Ind., Aug. 6.—(AP)—Two stars from the southwest and two from the west coast today swept into the semifinals of the national junior tennis tournament.

Two rounds were played in both the junior and boys' singles today in order to make up for time lost yesterday because of rain. Semi-finalists in the junior competition will be Joseph Hunt of Los Angeles, top seeded player; Morey Lewis of Texas, Ark.; Don McNeill of Oklahoma City and Julius Heldman of Hollywood, Calif.

In the boys' division, semi-finalists will be William Umstaeter of Milburn, N. J.; Harper Ink of San Diego, Calif.; Melvin Schwartzman of New York and John Kramer of Monticello, Calif.

The water shortage was reflected in the report of the sale of water for the month of July. The department during that month collected \$8,050.15 for water sold during June, and sold only \$7,863.65 worth of water during July, the hottest month of the year.

The city clerk, John R. Phillips, reported collections of his office amounting to \$2,229.36, and the plumbing inspector reported collections of \$60 during the month.

The council also was advised by Robert E. Harmon that the First Joint Stock Land Bank, of Chicago, and a Mr. Knapp were ready to sell the 3.62 acres needed for a road to the city if the city would take care of replacing fences which would have to be removed. The matter was turned over to the city attorney to report back to the council.

And the funny part of it all is that the Cub pitchers, when asked to name the toughest batters in the National League, picked Joe Medwick as the number one man of the Cardinal hitters.

Larry French and Bill Lee think Travis Jackson is the toughest man to pitch to, while Warneke and Curt Davis pick Joe Medwick. As the result of this series, they probably will revise their selections.

Six members of the Detroit Tiger ball club are proud owners of new automobiles, while other members of the squad are kicking themselves in the pants. The six members attended an banquet to which most of the other Detroit players were invited and came away with new autos. The boys who didn't attend, didn't get new cars.

According to the dope we hear Bob Wright, Roodhouse's great athlete of four and five years ago, is going to be the new coach at Pittsfield. Wright, who graduated from the University of Illinois this spring after winning letters in football and track, starred during his days at Roodhouse.

Wright will have a tough job ahead of him, however, because Pittsfield's boys haven't been able to put on the weight that will make them the threat of the Illinois Valley conference.

Although it's a bit early to do any forecasting for that conference, the folks in Roodhouse and White Hall confidently are expecting some great things out of their high school teams this year.

Coach Frank Walker has gone to visit with his wife's parents for a couple weeks, but expects to be back and overhauling the football equipment at J. H. S. in plenty of time for the opening of school.

We haven't heard from Coach S. Robey Burns all summer, but he's probably enjoying himself.

Mize Clouts Homer in 11th For Winning Run; Dizzy Dean Goes Entire Route on Mound

Chicago, Aug. 6.—(AP)—The Gas House Gang from St. Louis, with Dizzy Dean in the lead, nosed out the Cubs 3 to 2 today on the strength of Rookie Johnny Mize's homer in the 11th to take a three-game lead in the National League pennant chase.

The Cards came from behind with a two-run spurge in the sixth on Ducky Medwick's double with a pair of mates on base, but the Cubs wiped out their lead in the ninth to force the game into extra innings.

Dean hooked up with Bill Lee in a close pitchers' duel for eight innings, and wound up against Charley Root.

Although touched for ten hits, the "Great One" was tighter in the pinches than either of his two mound opponents in chalking up his 18th victory of the year and giving the Gas House Gang their third straight in the current series.

The Cubs counted the first run of the game, pushing a tally across in the opening inning on Billy Herman's double and Frank Demaree's single. Gabby Hartnett batted in the tying run in the ninth with a single, after Stan Hack and Herman had hit safely.

The Cards finally got to Lee in the sixth, when Terry Moore beat out a bunt, Frankie Frisch singled, Pepper Martin forced Moore, and Medwick drove a hard smash along the third base line to bring both Frisch and Martin home. First up in the 11th, Mize lined his homer high into the right field stands to break up the game.

Sox Take Two from Browns, 9-6, 4-1

Finish Up Series; Two Double Headers in Two Days

St. Louis, Aug. 6.—(AP)—The Chicago White Sox topped off a series here today by defeating the Browns in both games of a doubleheader by scores of 9 to 6 in the first game and 4 to 1 in the second.

The Browns used three pitchers in their efforts to beat the White Sox in the opener, but their old pal "Sugar" Cain, stayed in long enough to get the credit for beating them. Cain was kayoed in the seventh but Clint Brown was effective in finishing up.

Chief Hogsett went in to pitch the second game for St. Louis and Bill Dietrich, who started yesterday, came back for the Sox and held the Browns to 5 hits.

Chicago got a break, two passes and three scratch hits, to score three runs in the first inning of the opener, and were never behind the rest of the day. It was the second doubleheader in two days for the teams.

Tigers Shut Out Cleveland 9 to 0

Make It Three for Four In Series

Detroit, Aug. 6.—(AP)—Rookie Jake Wade all but pitched the Cleveland Indians out of second place in the American league today, holding them to seven hits as the Tigers clubbed out a 9 to 0 victory—their third in the four-game series.

The Tigers fired a 16-hit barrage on Willis Hudlin and George Uhle, featured by Goose Goslin's 18th homer and Marvin Owen's eighth, to give Wade his first victory since the Detroiters recalled him from the International league.

Hudlin, who gave way to Uhle at the start of a five-run Tiger spree in the eighth, was charged with the setback.

Detroit did all its scoring in three big innings. In the third, Hal Trosky's error, a walk, and singles by Al Simmons and Owen sent two runs across. In the seventh, Charley Gehringer doubled and paced Goslin home on the latter's four-bagger.

Six hits were cracked out in the big Tiger eighth. Gerald Walker doubled and scored on Try Burns' single. Goslin singled and Simmons doubled to bring two more runs in after which Owen hit his homer scoring Simmons.

Score: Cleveland 000 000 000—0 7 1 Detroit 002 000 25x—9 16 0 Hudlin, Uhle and Becker; Wade and Hayworth.

TWO COUPLES ARE WED HERE BY C. S. SMITH

Justice of the Peace C. S. Smith officiated at a double wedding at noon yesterday in his office on West State street. Mrs. Cora M. Garrett and Albert M. Wilson of Havana; Mrs. Minnie M. Curless and Egbert L. Baughman of Lewistown were wed in the ring ceremony.

The couples acted as witness for each other. Mr. Wilson is a marine engineer and Mr. Baughman, operator of a fleet of trucks.

After a trip through the Great Lakes region they will be at home in their respective cities, Havana and Lewistown.

RESORT HOTEL

BEGIN HERE TODAY
ANN HAMILTON, pretty young secretary in a large business office, goes to a travel agency to make plans for her two-week vacation.

BILL WARE, travel bureau employee, persuades her to go to Lake Racine. Bill is obviously attracted by Ann. He gives him little thought.

Ann goes to the mountains resort and at first is lonely. Then she meets RALPH SPRING, head bartender, who tells her he is not interested in girls. Ralph introduces her to JAIME LAIRD, wealthy playboy. Jaime is handsome and attractive. At a dance he meets LEFTY PONDS, married but flirtatious.

NOW GO ON WITH THE STORY
CHAPTER VII

WHEN Ann came down to breakfast she felt that some of the guests at the resort hotel eyed her askance. She was sure she knew what they were thinking; she was the girl who was running around with that wild galoot, Jaime Laird, who lived across the lake at the Majestic. Flying high! They all knew who Ann was, what she did in the city, and how old she was.

She was wearing climbing togs. The porch sitters took up their positions and waited for something to happen. One or two genial old ladies dropped a stitch or two in their knitting when Jaime's long roadster came roaring around the lake, to stop in a will of dust before the Glenwood Inn.

Ann went down to meet him and they drove away on the Cascade road, toward the Marcy trail. Jaime seemed changed. Ann thought—or perhaps she imagined it—that his face had a little more color this morning. Perhaps it was the result of the crisp mountain air.

"Is this a very steep mountain?" Jaime asked.

"It's the highest in the Adirondacks," she said firmly.

Jaime pretended to faint, and she had to catch the wheel to keep them from swerving off the road.

"You juvenile!" she said, laughing. "You perpetual clown."

He faced her. "Do you like me?"

"I'm afraid I do."

THE climb they were attempting was arduous. They were going only part of the way up the mountain. At first the trail was no more than a leisurely uphill walk. At intervals Jaime stopped and pointed out flora beside the path. Once they stopped to watch tiny lizards in the grass.

The experience was something entirely new to him, and he thrilled to it like a small boy. His face was flushed when they came to the roaring cataract which emptied one of the high mountain lakes called by the Indians Lake Tear-in-the-Clouds.

He leapt out to the big boulder in the very center of the raging flood, and waited for her to follow.

The hostess, Aimee, was busy introducing new guests, and Ann felt like one of the oldest now. Aimee talked to her like an old friend. "We're going to have a steak roast on the lake shore tonight," she said. "Wouldn't you like to come, and bring your young man?"

"I'd love it," Ann told her. "But I'm afraid Mr. Laird is engaged—"

Seven Die as Two Cars Meet Head-on Near Niles, Mich.

Three are Privates from Jefferson Barracks; Six Die Instantly

Niles, Mich.—(P)—Two automobiles crashed head-on three miles south of here on U.S. Route 31 early today, killing six persons and fatally injuring a seventh.

Three of the victims were privates from Jefferson Barracks, Mo., remaining here overnight en route to the scene of extensive army maneuvers which begin today in southwestern Michigan.

The dead: Joe Hill, 22, Niles, driver of one of the cars.

The Privates Eugene Newby, 23, Howard Kelley, 23, and Herbert Hizer, 18, all of St. Louis, who were riding with Hill.

Ray Warner, 22, Culver, Ind., driver of the other automobile.

Richard A. Peterson, 22, South Bend, Ind.

Lorene Barr, 19, Mishawaka, Ind. Peterson and Miss Barr were passengers in Warner's machine.

Sheriff's officers experienced difficulty in piecing together the details.

July State Income Most in Over Year

Shows \$22,764,139

Springfield, Ill.—(P)—The state government's income during July was \$22,764,139, Treasurer John Stelle's monthly report showed today, the highest figure since the last sale of unemployment relief bonds more than a year and a half ago.

Disbursements during the last month totaled \$16,478,205, the treasurer announced, increasing the balance on July 31 to \$65,358,617.

Money from taxes, licenses and other sources totaled \$113,606,097 during the first seven months of the year, compared with \$90,157,896 for the same period of 1935.

Stelle listed the largest sources of July receipts as follows: Insurance fees and taxes, \$4,417,539; sales tax, \$3,912,506; sales tax, for relief, \$2,244,595; sales tax, paid under protest, \$594,285; motor fuel tax, \$3,266,162; federal aid to roads, \$2,536,921; trust funds \$1,835,794; corporation fees and taxes, \$1,299,802; liquor revenue, \$1,182,220. Some of the totals included protested payments.

SEE RECORD CROWD AT LEGION MEETING

Danville, Ill.—(P)—The arrangements committee forecast the largest gathering in history for the American Legion's state convention here Aug. 22 to 25 following a meeting today.

Every Legion drum and bugle corps in Illinois has arranged for housing, and committee members predicted the convention parade would surpass previous ones in size.

Arrangements also were completed for the conventions of the Auxiliaries, the Forty and Eight, and the Eight and Forty groups.

State Commander J. B. Murphy of Bloomington was expected to open headquarters Aug. 20.

Two Dead as Bus Crashes in Storm

Thirteen Injured; Bus Overturns Twice in Rain

Huntingdon, Pa.—(P)—A huge Pittsburgh to New York bus overturned twice in a driving rainstorm on a mountainside twelve miles west of Huntingdon early today, killing two persons and injuring thirteen.

Six of the fifteen passengers were trapped beneath the wreckage and rescuers toiled for four hours before the last two women, both conscious, were taken out.

The bus company announced one of the dead was Frank Haluk of Youngstown. The other was a woman of about 20 years. The bodies were brought here with the injured.

George Kukich of Pittsburgh, driver and the only one of the occupants to escape injury, said his car skidded shortly after it passed the crest of a hill, about 12:30 a.m. EDT.

Approximately seventy-five guard posts were knocked down by the swaying bus before it overturned. The top was sheared off and rested on the highway. The bus rolled over again and stopped at right angles to the road.

Among the injured was Clay Johnson, 11, East St. Louis, Ill., lacerations of the scalp, possible fracture of the base of the skull.

City's Supply Of Water Draws Attention Of Council

C Wayland Brooks Hits "Centralized Government" in Talk

For three years Illinois has ceased to be an independent sovereign state. It has been part of a vast centralized government, controlled and directed from Washington. The taxes paid by the people of Illinois, the legislation passed by its General Assembly and the administration of its relief, agriculture, labor and other problems have been under the command of the federal bureaucracy, said C. Wayland Brooks, Republican candidate for governor, in an address at the picnic yesterday afternoon. The attendance at the picnic Thursday, which was the second day of the two day affair was estimated at 4,000 persons. The day had been designated as Republican day.

Prior to Brooks' appearance at Waverly he stopped at the Rees tractor meet, where he greeted many visitors at the Milford Rees farm, and witnessed some of the contests between the plowing contestants.

"The past century has brought us various problems, said Mr. Brooks. "A courageous citizenry has been devoted to our form of government and has progressed farther in the hundred years that have passed than man has ever advanced in any century of history. A hundred years ago our people had come through the experimental period under our government and were pushing into Illinois and the vast territory of the Northwest. In the century past we have developed a nation in which the happiness and freedom of its people was the main objective.

"Today we look all around us and find strife torn nations and countries under dictatorships. The founders of this nation were not content to establish federal and state governments, they also desired county and even township governments. These things are strictly American.

Fight for America

"Today it is a fight between Americans and those who would change this form of government for a centralized government. That is why Democrats are joining the Republicans in their fight now. The Democrats do not want to be Republicans, but many of them do realize that when their government is centralized their liberties are gone, and it is for these liberties that we are fighting today.

"This nation has given all the poor and rich alike, an equal opportunity. To maintain these opportunities we must solve our problems. We have our farm problem which is terrific, this state has its industrial problem which is equally terrific, and it is these educational problems.

"As we see the great strides that are being made in transportation alone, when we realize that soon freight will be carried across the continent in eight hours we know that competition will be great. We cannot compete properly unless the government gives the poor man the same opportunity that the rich man has. I am for the form of government that gives everybody an equal opportunity.

Provide for Aged

"We must provide for the old people—provide for them before they become paupers. It is not their fault that all of their meager savings were swept away. I believe in and will fight for adequate provision for their maintenance.

"Turning his attention to the farm situation, Mr. Brooks declared the farm problem is an economic and not a political problem. The gubernatorial candidate stated that he had enlisted the services of former Governor Frank O. Lowden in outlining an agricultural plan that will aid Illinois farmers.

Continuing his discussion of the farm problem, Mr. Brooks said his program includes better roads because he knows the farmer needs them. He stands for better schools and electrification of rural communities.

Referring to his experiences as a farm owner the speaker stated that he had tried to cooperate with the government in its crop planning, but found it did not work out. "When the drought came I had to sell my cows. I received three and one-fourth cents per pound for them, because of competition with Canadian farmers."

Plays Tax System

Brooks played the tax distribution system carried on by the present administration, declaring that the government took out of this state more than \$200,000,000 in taxes than it gave back. In Arizona where a dam is under construction these millions were poured in to make fertile, arid land that will be in competition with Illinois farmers.

"For three years federal relief and aid in various forms has been granted or withheld from Illinois according to the willingness of our Democratic governor and Democratic assembly to do bidding of a few autocrats at Washington," said Brooks. "Notwithstanding the fact that in 1935 Illinois paid into the Federal Treasury nearly 200 millions of dollars more than it received, Washington bureaucrats dictated legislation and sent it to Springfield with the order to pass it or else those destitute and in misery would receive no aid. A supine Democratic State administration abdicated its authority and power, bartered away the sovereignty of the State of Illinois and enacted whatever legislation the Washington brain trust demanded. Centralization of power in a few autocrats at Washington has stripped Illinois of its rights as a sovereign state. Illinois as a separate unit of government has been preserved only on maps in school books. The State has fast been absorbed in an all-embracing, centralized autocracy at Washington."

Sales Tax

Brooks said he did not favor additional real estate taxes and neither did he believe families should be taxed thru the sales taxes for the food they eat, the clothes they wear and other necessities of life. In answer to a criticism of his stand on the sales tax being unconstitutional he asserted that by a vote of the people the constitution could be amended to remove these taxes off the poor man's back.

Wilson Smith, Waverly Republican committeeman, presided during the speaking program and prior to his presentation of Mr. Brooks introduced a number of candidates. The candidates included Harry Montgomery, candidate for congress from the 20th district; Hugh Green and William Lawler, candidates for the legislature and county candidates; Oscar Zachary for state's attorney; Philip Bradish for circuit clerk; Frank Baker for coroner.

Winchester Club Has Song, Dance Program At Meet

Kiwanis Club Entertained By Hoover Sisters' Program; Other News Notes

Winchester, Aug. 6.—The Winchester Kiwanis Club was entertained at their meeting last night by the Misses Jane and Annabelle Hoover, daughters of Mr. and Mrs. Paul Hoover of Decatur. The two girls, who are 12 and 8 years of age gave a very entertaining program of singing and tap dancing. They were accompanied by their mother, who was formerly Miss Alice Bates of this city. Both of the girls are dancing pupils in Decatur and are very talented. Their program was enthusiastically received by the members of the club.

The program was in charge of C. M. Danner, who introduced them to the club.

Following the entertainment, Robert Frost, who is chairman of the committee sponsoring the boys and girls' baseball tour to St. Louis in conjunction with the Jacksonville Journal-Courier made a report of the arrangements for the tour. He stated that there have been 165 boys and girls, register for the trip and about 30 cars were definitely promised to take the boys and girls to St. Louis next Tuesday, August 11th, where they will see a game between the St. Louis Cardinals and the Chicago Cubs. He stated that the cars would be in a caravan in the public square at Winchester at 10:00 o'clock Tuesday morning. The delegation of cars from Bluffs and the north end of the County will meet the group in Winchester and continue to Alsey, where they will join with the caravans from Alsey and Glasgow. Mr. Frost also stated that reserved seats for the drivers of the cars could be purchased from him at a reduction price through special arrangements made by the Jacksonville Journal-Courier.

Rev. and Mrs. F. B. Wright and their niece, Miss Mildred Redfield of East St. Louis, left this morning for a week's vacation in the Ozarks of Missouri.

The members of the Young People's Octet of the Baptist Church Choir were entertained at a picnic at Nichols Park at Jacksonville yesterday evening.

A basket dinner will be served at noon. Friends of the family are invited to attend.

Paul Carpenter Wins Grand Championship At Rees Tractor Meet

Paul Carpenter, of Franklin, won the grand championship in the eleventh annual Rees Tractor meet at the Milford Rees farm near Franklin yesterday to receive the purple ribbon, the Henry T. Rainey cup and the professional trophy. Carpenter's victory was won before what is believed to be the largest crowd that ever attended a Rees plowing match. It was conservatively estimated that five thousand persons attended the meet.

The day was ideal for the program the rain of the previous day cooling the temperature and settling the dust, and the thousands in attendance enjoyed a full day's program. In addition to the plowing matches there was a continuous program given on a platform on the Rees lawn and the numerous church groups that sold food were sold out by four o'clock in the afternoon.

The hungry horde consumed 6,000 sandwiches, 447 pounds of hamburger, ninety chickens, 110 pounds of wieners, fifty pounds of beef and 800 gallons of burgoo soup. In addition to this there was a huge quantity of other edibles consumed.

Each class that competed in the plowing matches received a cup except in the general purpose division. The women's class contest was not staged there being no entries to participate in this scheduled event.

Wins Rainey Cup

Thru his victory yesterday Carpenter became the permanent owner of the Rainey cup, one of the provisions of the award being that any contestant who won it two times would become its possessor. Carpenter became owner of the cup by winning the championship two times in three contests.

Robert Gibson of Franklin took second place in the professional class which gave Carpenter the grand championship. Carpenter scored 89.88, using a McCormick-Deering tractor and a P. & O. plow. Gibson piloted a Minneapolis tractor and drew a P. & O. plow. His score was 88.80.

Other scores in the professional class are as follows: 3rd, Earl Seymour, Franklin, 87.60; 4th, Dave Brown, Jacksonville, 86.25; 5th, Chester Haynes, Franklin, 85.61; 6th, Clarence Kenney, Alexander, 84.70.

Billy Rees won the boys class cup with a score of 85.2. John Brown his only competitor had a score of 82.8.

In the general purpose class Robert Gibson took first place with a score of 87.4. Paul Johnson won second place with 81.2 score and Bernard Leak was third with 81.1.

Amateur Class

Twelve plowmen participated in the amateur class matches. Wesley Parks winning first place with a score of 85.63. Parks drove an Allis Chalmers tractor and an A-C plow. Others finished as follows: 2nd, Earl Lukeman, 85.40; 3rd, Ruyler Carpenter, 84.39; 4th, J. E. Meyers, 82.66; 5th, Herbert Glancy, 81.46; 6th, Billy Rees, 81.36; 7th, H. C. Cline, 80.33; 8th, Elmer Rudeen, 78.91; 9th, Tohy Rawlings, 76.63; 10th, LeRoy Sweet, 76.10; 11th, R. Coontz, 75.95; 11th, A. M. Rogers, 68.97.

The vast fleet of automobiles used to transport the visitors to the tractor meet was parked by a number of WPA recreation project workers under the direction of Fred Darr of this city. A motion picture comedy reel provided the entertainment for last evening.

TWO SUITS ARE FILED IN CIRCUIT COURT

John E. Brown yesterday filed a petition for habeas corpus in circuit court here naming Helen A. Brown as the defendant. The petitioner alleges that his child is being held by the defendant, who is the child's mother in Chicago, and that the child is being neglected and improperly cared for. The petitioner asks that the defendant bring the child into court here. D. J. Staley is Brown's attorney.

A foreclosure suit was filed in circuit court yesterday afternoon by Frances Alkire, trustee, against the trustees of the McCabe M. E. church, et al. An alleged indebtedness amounting to \$165 is named and property described as lots 24 and 27 in Cox's subdivision of lots 1 to 36 exclusive of lots 2, 3 and 36 in Cox's addition to Jacksonville is alleged. L. Allan Watt is the complainant's attorney.

It's Ham and Side Meat For Nokomis Man if Brooks Wins

It's ham and "side meat" for Henry Jensen of Nokomis this winter if C. Wayland Brooks, Republican candidate for governor, is elected. Brooks learned this yesterday while at the Rees tractor match.

In the midst of the hundreds of handclaps by many admirers the Republican nominee for governor was greeted by Jensen with the words, "I'm for you and I know you are going to win, because I have bet a 180 pound hog on you." One of the group that stood near Brooks and Jensen asked if Jensen was a hog raiser, and he replied "no." Queried further as to what kind of hog he would purchase if he lost, Jensen said "I haven't given that a thought, because I am not going to lose."

Brooks thanked his supporter for his interest and assured him he would work all the harder to see that he did not lose the bet.

END VISIT

Mrs. Edith DePrates and son Tommie of Athensville have returned home from a visit in Wisconsin and Chicago.

Mrs. Raymond Morris was in the city yesterday from Bluffs.

State Continues Prosecution Of Chas. Newberry

Confessions are Admitted As Evidence At Thursday's Hearing

Virginia, Aug. 6.—The state continued its prosecution of Charles Newberry in the killing of Ethel Elmore today, calling nineteen witnesses before a crowded court room.

State's Attorney Glenn Colburn was successful in introducing two alleged signed confessions to the shooting. It is said that Newberry made one to Sheriff T. J. Raikes of Menard county when he was held after the incident in the Petersburg jail, and the other, five pages long, in the office of Attorney Colburn, April 21.

The defense will probably begin examination of its witnesses tomorrow, and has indicated that a plea for Newberry will be based on "justifiable homicide."

Witnesses for the state today included Sheriff Raikes of Menard, and Sheriff Gus Campbell of Cass county, also five alleged eye-witnesses who were motoring through Ashland at the time. They included Henrietta Hinds, Ashland; Lucy Hamilton, Springfield; Mrs. Jesse Bast, Tallula; William Spann, Rushville.

Three children witnessed, Lloyd Miller, Joe and Betty Scott. They were playing in a near-by yard. Bernice Glidewell and Alma King, both of Ashland, also gave testimony.

Two relatives of the slain woman, son, Billy Elmore, aged 13, and an uncle, "Doc" Skaggs, were also on the witness stand.

Una Mae Blair and Elizabeth Graves testified to the alleged confession made in the office of Attorney Colburn.

Proposal to Dredge Lake to be Given Consideration Soon

Proposal to Dredge Lake to be Given Consideration Soon

Issuing instructions for the water department to get the Widenham-Daub wells in shape immediately, the city council at its regular meeting last night voted first to seek the advice of a competent engineer from the firm of Burns and McDonald, of Kansas City, and later to write and find out how much a survey into the city's water supply and possible dredging of the lake would cost, after it heard a report from the water superintendent that there was estimated to be 70 days water supply.

Instructions to get the Widenham-Daub wells in shape to meet a possible shortage of water followed a debate over the proper method of obtaining a greater water storage capacity during which several citizens took the floor to urge a consultation with a Mr. MacDonald of the Kansas City firm. Estimates of the cost of dredging were given to the council ranging all the way from over a million dollars to less than \$200,000.

Debate on the water question was comparatively short, the council reaching a decision to request one of the members of the Kansas City firm to come here shortly after the issue was brought before the council by Alderman Ben Denney, chairman of the water works committee. There were more verbal fireworks over the question of leasing the property on Dunlap Court, but the council finally accepted a bid of \$125, offered by Lillian Padgett each year for two years, after Paul Samuel had bid \$150 for the property to be used by the New Dunlap hotel for a sign.

The much discussed belt line proposition came before the council again on a petition signed by 115 property owners along West College avenue, with the result that the council went on record as favoring the proposal, and that the mayor agreed to appoint a committee of three aldermen, three citizens from the list of those who signed the petition, and to request the county commissioners, the county highway superintendent and the city engineer to form a delegation to go to Springfield in the hope of interesting the state highway department in doing something about the proposal.

Push Petitions.

Several residents of West College avenue were present to push their petition through the council. Speaking on the proposal to abolish trucks from the street, Alderman W. H. Cocking stated that the city did not have the authority to do that, and added that the matter had been taken up with the highway committee not long ago. At that time, Mr. Cocking said, he was told that it was up to the people who were interested in getting the belt line to secure the right of way for the road. The alderman said that he was assured that as soon as the right of way was available that the state department was ready to go ahead with plans.

The Belt Line.

None of the speakers knew of the proposed route for the belt line, but it was said that a survey has been made by the state highway department already. It was presumed that part of the proposed belt line would be outside the city limits and therefore would involve the county commissioners in the matter of securing right-of-way.

Mrs. Lillian I. Danksin, H. J. Rodgers, Harlan Williamson and J. P. Claus spoke in favor of doing something about the traffic situation on West College avenue. Mrs. Danksin declared that all of the property owners along the street with the exception of three persons who objected on the grounds of business, and one other who objected on the grounds that the trucks were a great thing for the city, had signed the petition to remove the trucks which were making life on the street no longer desirable. Removing the pavement, and making nervous wrecks out of the inhabitants.

Mr. Claus suggested that the problem be taken to the state highway department, and forecast that truck travel would become heavier all the time, and H. J. Rodgers called attention to the proposed belt line. He said that when Frank Sheets was superintendent of the state highway department, the city was promised a belt line, but that when Sheets lost his position the belt line also appeared to be lost. He also stated that business men were opposed to the plan.

Mr. Williamson declared it was his belief that a better route could be mapped out for trucks, over more level streets. He explained the difficulties of operating a place of business where most trucks shift gears, and living in a place in front of which they shift gears again.

Leases Property

Miss Padgett brought up the proposition of leasing the strip of land 17 feet wide facing on West College avenue and 176 feet deep on Dunlap Court when she submitted a bid of \$125 a year to lease the property for two years. The lease submitted also provided that Miss Padgett would have the right to sub-lease a portion of the ground, and would offer part of it to the New Dunlap hotel for the purpose of constructing a sign.

Paul Samuel, representing the hotel, told the council that he had talked over the proposed plan of leasing the ground, but found that the lease did not come up to the agreement which he thought had been reached between the hotel and Miss Padgett for the space. He told the council that he wished to lease the ground, and would sub-lease to Miss Padgett, and offered to take the lot at a figure of \$150 a year for two years.

Then it was pointed out by Alderman Cocking that 90 feet of the lot was in the residential section, and could not be used for business purposes. The 90 feet included the 20 foot space requested by the hotel for a sign, which Harlan Williamson, a resident of the street, said he would fight as long as the property remained in that classification.

Mr. Samuel, in making his offer of \$150 for the property, stated that he would sub-lease part of the ground to Miss Padgett. Alderman Cocking, seconded by Alderman George Brown, moved the acceptance of Miss Padgett's bid, and the council voted 5 to 2 in favor of the motion. Alderman Brown, Cocking, Denney, Green and Weaver voted in favor, Alderman Early and Harmon voted against it.

The mayor and the city clerk were authorized to sign by the city attorney in another motion which passed with only Alderman Early dissenting.

Talk Dredging

People are living in a state of terror, he declared, because of the water situation. Ed Saye followed Mr. Rodgers, and stated that he heard of the engineering firm of Burns and McDonald at the Illinois Municipal League meeting this past winter, and that he would like to have them make a report on the advisability of dredging the present lake. Mr. Saye also recalled some of the early history of the water problem here, stating that it was a 30 year old problem. He closed by expressing his confidence in the Widenham-Daub wells.

Answering the "insinuation" that the agitation for dredging was holding back action on the proposed new lake, former alderman Harlan Williamson said that he did not know what to do, but would like to hear from the Kansas City firm. He declared that "MacDonald was ready to come here and tell you that dredging will not cost
